

PRINCETON INTERNSHIPS IN CIVIC SERVICE

I am writing to let you know that an excellent **paid** summer opportunity recently went live for your students. [PICS \(Princeton Internships in Civic Service\)](#) places current freshmen, sophomores and juniors at non-profits across the US and around the world.

In particular as an administrator in Urban Studies, I thought your students would be interested in opportunities in **Community Development or Public Policy**. All your students need to do is search by those categories in the PICS interactive [database](#) and all the opportunities that apply will appear.

If you are willing, I would very much appreciate you forwarding this advertisement to your students. Please feel free to add any or all of the explanation above as well:

November is Internship month! That's right. It's time to start thinking about what you will be doing next summer. I would like to invite you to explore the surprisingly varied and diverse offerings at PICS (Princeton Internships in Civic Service) this year. Internships pay a weekly stipend of \$450/week.

The PICS [application](#) is now live. But before you fill it out, you will want to investigate the 160+ possibilities using our interactive [database](#).

[PICS Application Due](#) no later than 5PM Dec 2, 2015 for summer 2016 internships.

If you would like to read previous interns' evaluations, learn more about PICS, and talk to [Evan Schneider](#) about which PICS organization might be right for you, you can make a [WASS](#) appointment with him.

Best,

Evan Schneider

lifelong commitment to service & nonprofits

PICS was founded by the Class of 1969, and its internships for Princeton undergraduates are created and funded by Princeton Alumni Classes and Regional Associations. PICS is administered on campus by the Pace Center for Civic Engagement.
